

You fooled her too
Made her believe she was doing a good thing
Spending all that money on you
I was 'her' once
I made the same mistake
Gave all my money
To an evil
Going against
Everything I
Stood for
I too believed
All the stories
Fell for all the hidden truths
No, you didn't lie
Of course you didn't
I just thought you were
Saying the truth
With all your greenwashing
You played me well
I wish you the very worst in life
You're the reason why the planet
Is dying.
Thanks, truly for being so trendy.
It's the only thing you did right.
